

**RED ROBIN'S  
CONSUMER CYBER SECURITY COMMITMENT TO OUR CANADIAN GUESTS**

**We recognize the importance of data security to our Guests, so we use internal resources and external expertise to help protect Guest data and help prevent the occurrence of data breaches.**

**In the event of a data breach relating to sensitive information in Red Robin's possession:**

1. We will share details about a data breach impacting our Guests when we have complete and accurate information. If a Guest's credit card or other personal information has been compromised. We will:
  - i. Attempt to notify you by email, mail or telephone within 30 days of completing an investigation, if we have your contact information, or
  - ii. Post information on our website about the data breach.
2. We will cooperate with law enforcement in their investigation of a suspected data breach.
3. We will provide impacted Guests who have had fraudulent accounts opened in their name with the opportunity to register for free credit monitoring for 2 years.
4. We will provide impacted Guests with the opportunity to receive free identity theft restoration services.
5. We will provide impacted Guests with the opportunity to register for identity theft insurance in the amount of \$1 million to reimburse them for any financial loss. We will reimburse any reasonable out-of-pocket expenses not covered by the insurance incurred as a result of a data breach.

In the event that this policy conflicts with a legal obligation in a particular jurisdiction, that legal obligation shall control.
